## Thank you!

We all made it through the winter that none of us thought would ever end. Phew! That said, we would like to thank you for your business. We were busy for many, many weeks shoveling and plowing driveways and we always look forward to winters of helping our customers be safe and cleared out. And for your continued support and business, we thank you!

## A New Start!

Do you ever have the urge to just clear the decks and start all over again? Gardening and landscaping is a "process" and sometimes, even with the best intentions, things might not turn out how you planned. Even plants have preferences and can be fickle! If you are in this situation and just aren't happy with how your lawn and yard is looking (or did you have winter damage after the brutal season?), let us help you to figure things out. We have a great amount of experience and have spent the time already discovering what works best where, when, and how.

## A "Perfect" Tip:

*...(something related to deer-resistance and plantings?)*

## Services We Offer:

- Landscape Design
- Complete Property Maintenance

Another way to enhance a yard and make it easier to maintain is mulching and do to so at this time of the year has many benefits. After a good clean up (which we can do), applying a thick layer of mulch is the way to go. It will suppress future weed growth, keep plants cooler and hold moisture for happier and healthier plants. It also looks great, tying everything together and giving a neat and clean appearance.

The same goes for new construction that you might be looking to add. Does your property need a focal point or enhancement to make it more user-friendly? Do you like to entertain and desire a unique area for firepits and friends? Whether your "likes" are contemporary, traditional, rustic or elegant, we can create a space or enhance your yard with the perfect plantings. Your property will spring to life and smiles will be quick to follow!

Whatever your needs or wants, we can lend a hand to help make your property everything that you envision!

- Garden Maintenance
- Extensive Masonry Services
- Tree, Shrub, Perennial Planting
- Large Screening Plantings
- Container Gardens
- Seasonal Plantings
- Bulb Plantings
- Winter Holiday Decorating
- Snow Plowing
- Landscape Lighting

Let us design, install, and maintain your Perfect garden and property. We invite you to be part of our blooming success. Feel free to call us-Nancy is ready to answer any questions or inquiries, big or small!
